PARIS CONFERENCE.

HELIGOLAND AND SCHLESWIG.

LONDON, April 17.
The Council of Four has decided that Heligoland should be dismantled and as far as possible destroyed. It also adopted the Commission's report on Schleswig providing for plebiscites of the inhabitants.

FRENCH CHAMBER AND PEACE TERMS.

LONDON, April 17.
In the Chamber of Deputies M. Pichon announced that the peace terms would be submitted for ratification by the parliament when they were signed. Replying to protests against the non-publication of the terms prior to signature, M. Pichon demanded a vote of confidence, which was accorded by 360 votes to 128.

OTHER ENEMIES NEXT.

LONDON, April 17.
M. Clemenceau to-day told a meeting of belligerents not included in the five great Powers (18 delegates) that the peace terms would be communicated to them. It is probable that the Austrians, Turks, and Bulgarians will be summoned within a fortnight after the Germans have signed.

RABIES IN S. E. ENGLAND.

LONDON, April 17.
A dog was killed at Byfleet, Surrey, to-day, which was suffering from rabies. The muzzling order is now enforced in London, Middlesex, parts of Surrey, Herts, Bucks, Berks, and Hants.

NASTY ONE FOR ASQUITH.

LONDON, April 17.
Colonel Josiah Wedgwood has written to the Hanley branch of the Labour Party asking to be enrolled a member. He says after reading Asquith's speech that he cannot remain a Liberal.

U.S.A. AND JAPAN.

NO STRAINED RELATIONS.

LONDON, April 17.
Washington reports that Mr. Polk, Counsellor to the State Department says there are no serious questions pending between the United States and Japan. There were indications of minor issues arising out of the situation in Siberia, the recent trouble at Tientsin, also at the Peace Conference, but these problems would soon be amicably settled without any straining of relations.

POLISH ARMY MOVES.

LONDON, April 17.
Paris yesterday reported that the transport of the Polish army to Poland had begun. General Haller makes Modlin near Warsaw his headquarters.

KOREAN AUTONOMY.

LONDON, April 17.
Philadelphia reports that a petition for the recognition of the provisional government of the Korean Republic has been sent to Paris by a Korean congress assembled there.

A CECIL SPEECH.

LEAGUE OF NATIONS AND INDEMNITIES.

LONDON, April 16.

In the House of Commons Lord Robert Cecil, intervening in a debate, said that Spain was advised and was prepared to join the League of Nations as soon as it could be permitted. Moreover, the great majority of neutrals attending the recent League of Nations conference would soon become members. He said the economic position throughout Europe was calculated to cause grave anxiety if not alarm. It was essential first to settle the question of indemnities, as the present uncertainties were unsettling both to enemy and Allied countries. Until the former knew what must be paid they could not take the full economic measures necessary to meet the crisis.

CURE FOR BOLSHEVISM.

"FEED THE BRUTE."

LONDON, April 17.
It is stated from an American source that the Allies to-day agreed to send food to Russia under neutral control. French objections to this course are expected to be overcome to-morrow, and the relief work will proceed rapidly under the supervision of Dr. Nansen and other Scandinavians and Swiss, on condition that the Bolsheviki cease hostilities as provided in the agreement.

ALLIES AND BOLSHEVIKS.

LONDON, April 19.
A British North Russia official despatch says that Russian troops under general Maynard successfully attacked Vojnosalmi at the south-eastern end of Lake Vigzero on April 17. The occupation of this point gives the Allies complete control of Lake Vigzero and of the main road from the south to the White Sea.

GERMANS IN HONGKONG.

LONDON, April 16.
In the House of Commons, Mr. G. H. P. Croft drew attention to the report that the German missionaries in Hongkong were actively undermining British interests, and urged the repatriation of all Germans in Hongkong.
Col. Amery replied that the only German missionaries in Hongkong were eight women, who had been in charge of charitable institutions under supervision. They were now being sent back to Germany. All the other Germans had long since been removed from the Colony, except three, of whom two were only technically German subjects and the third a man of British sympathies, whose exemption was specially requested by the military authorities.

LAWN TENNIS.

H.K.C.C. TOURNAMENTS.

Handicap told against N. E. Kent and J. S. Jennings (owe 30) when they played A. Morse and F. A. Redmond (owe 4/6) on Saturday in the semi-final of the Handicap Doubles. The first set was six all but the next two games went to Redmond and his partner. The same pair won the next set 6-4 and so qualified to meet Lt. Col. Crisp and Capt. Murray in the final.

SINGLES CHAMPIONSHIP FINAL.

Efforts are being made to play off the final of the Singles Championship to-morrow. N. E. Kent and T. Mishima are the finalists. The winner will meet Ng Sze Kwong in the challenge round.

GARRISON TENNIS LEAGUE.

A Garrison Tennis league was formed recently and on Thursday a committee meeting was held in the Chaplain's Room at Scandal Point. Master Gunner G. T. May presided over a good attendance. It was decided to ask Lieut. Colonel E. S. Colles, R.A.O.C. to be the first President of the league.

The following teams applied to join the league and were accepted:—88th Co. R.G.A. (a) 88th Co. R.G.A. (b), 87th Co. R.G.A., 83rd Co. R.G.A., R.E., Manchester Regiment, R.A.M.C. (a), R.A.M.C. (b), and the R.A.O.C.
The games will commence the first week in May, the first matches being ballotted for. The following games will be played during the week ending May 3rd.—83rd Co. a. 87th Co. a. 88th Co. (a) v. R.A.O.C., R.A.M.C. (a) v. 88th Co. (b), Manchester v. R.A.M.C. (b).

The matches for the week ending May 10th will be—88th Co. (b) v. 83rd Co. a. R.A.O.C. v. Manchester, R.A.M.C. (b) v. R.A.M.C. (a), R.E. v. 88th Co. (a).

As most of the teams have only one court at their disposal it was decided that each pair should play nine games only with each pair of the opposing team.
The Committee afterwards proceeded to draw up rules and arrange the remaining fixtures, which will cover May, June, July and August. Four matches will be played each week, or 72 matches in all. This concluded the business.

PORTUGUESE JUVENILE SOCIETY.

ANNUAL ATHLETIC MEETING.

The sixth Annual Athletic Meeting of the Juvenile Society was held at the Race Course on Saturday afternoon under the patronage of the Portuguese Consul, Mr. E. V. M. R. de Souza, who also graced the proceedings with his presence. Taken as a whole, the meeting was a very successful one and on account of the fine weather went off without a hitch. The events were all keenly contested. At the conclusion of the events, Mr. D. C. Baptista, (President), thanked all those present on behalf of the Society; especially the prize donors, and those who had contributed to bring the meeting to such a successful conclusion. It was, he said, a great pleasure to him to preside again for this, the sixth Annual Meeting, but he trusted that someone more competent would, in future, take up his pleasant task, and make it an even greater success than it has been.

The President then called upon Miss Evelina da Rocha to distribute the prizes, after which she was presented with a bouquet, as a memento of the occasion. Cheers were then given to the ladies present and also to the Consul.

The 18th Infantry Band also lived up to things considerably by playing excellent selections during the afternoon.

Amongst the various prize donors were:—Noronha & Co., Mr. P. Botelho, and Messrs. A. M. L. Soares, J. M. da Rocha Joaze A. de Graca, Mr. A. Silva-Netto, V. F. V. Ribeiro, F. A. V. Ribeiro, the Portuguese Staff of the Eastern Extension Telegraph Co., Messrs. A. F. Ormrod, J. Lawrence, Lusitano Club, P. A. Carvalho, J. C. Barreto, E. Figueiro, Attos, Bro., The Portuguese Consul (Half Mile Challenge Cup, First), and Mr. J. M. C. Remedios (Challenge Cup, Second).

GERMANY'S FLEET TO BE DESTROYED.

The German Fleet now interned at Scapa Flow is to be destroyed. The fortifications of Heligoland and of the Kiel Canal are to be razed. The Kiel Canal is to be free to the shipping of the world.
Sober the German Fleet come to an end.
"The ships of the German Navy," says the Daily Mail, "have fallen into such a condition of filth and disrepair in the hands of their mutinous crews that they are now scarcely seaworthy, and no one wants them for military purposes. It is a dramatic stroke by which this force which dared not face Admiral Beatty's great fleet will now be wiped out. Its fate is ignominious, but never was such an end more thoroughly deserved."

ALLIES' WAR BILL.

The Allies' bill to Germany
comes this week before the Peace
Conference, writes Mr. Valentine
Williams from Paris to the Daily
Mail. The Reparation Commis-
sion's duty will be to examine the
extent to which Germany should be
made financially responsible for the
war burden laid upon the world.The question arises out of the
promptest settlement. Vast areas of
France and Belgium systematically
plundered and destroyed by the Ger-
mans are in urgent need of restora-
tion, and the whole economic life of
these two nations is in a state of sus-
pense until the Peace Conference
allocates the sum Germany must pay.
The devastation of Serbia and
Rumania and the destruction of
Aldrich shipping must also be made
good.

WHAT CAN GERMANY PAY?

There is doubtless no delegate
at the Conference who is convinced
that Germany is morally bound to
meet the whole cost of the war, but
there is probably not enough money
in the world to-day to repay the
whole cost, adds Mr. Williams.
"What the Commission must decide
is whether it is not better that the
Allies should name the sum Ger-
many must pay in accordance with
her assets, thus securing prompt pay-
ment, rather than levy an impossible
claim with instalments over a long
period and running the risk of Ger-
many, in a mood of desperation, re-
pudiating the liability with the pro-
spect of another war."

MAN-POWER IN FRANCE.

For the first time since the war
the French are publishing the statis-
tics of births and deaths from nat-
ural causes, says the Manchester
Guardian. Those returning to the
seventy-seven departments which
were not the scene of military opera-
tions show that in 1918 there were
604,811 births and 587,445 deaths, as
against 543,310 births and 613,348
deaths in 1917.It will be seen that the births
fell by 280,000 and the deaths rose
by 28,000. In the years 1914-17 the
deaths among civilians in this area
exceeded the births by 881,000. Add
1,400,000 killed in the war and make
an allowance for the eleven invaded
departments. Now these figures are
not curiosity, they are important
political facts. The population of
France is already less than that of
Italy, and the Italian is growing.
How can France maintain the bal-
ance of power?The better minds of France see
that the League of Nations can give
her, situated as she is, a security
with which the balance of power can
only shock her. They see that no
country has more to gain from a
League of Nations than France.

WAR OFFICE v. HOME OFFICE.

Mr. A. Polkoff, said to be an
Army clothing contractor in several
parts of London, was summoned at
North London for not providing
proper lavatory accommodation for
150 women employed at his factory in
Shacklewell-lane, Dalston.Mr. L. S. Green, counsel for the
defence, said the facts were not con-
tested. The defendant, at the ur-
gent request of the War Office to
produce more clothing, had taken the
premises on a weekly tenancy. The
landlord refused to provide the ex-
tra accommodation, because the ten-
ancy was for such a short period,
and Mr. Polkoff objected to im-
prove the landlord's premises when
he might be turned out on a week's
notice.Mr. C. V. Young, for the Borough
Council, said they moved at the in-
stigation of the Home Office. Mr.
Wilberforce thought it was unrea-
sonable to expect that a man hold-
ing on a weekly tenancy should im-
prove the property, but the defen-
dant had to take a risk as he was
engaged in a business which was
subject to certain regulations. He
would have to pay a fine of £5 5s.
with £2 2s. costs.Mr. Green: We shall have to com-
plain to the War Office of the Home
Office.

LIBEL TRIAL COLLAPSE.

Without hearing evidence, a jury
at Chester recently returned a ver-
dict for Mr. Edward Hughes, an
alderman of Wrexham, in the action
for alleged libel brought against him
by Mr. Hugh Hughes, a miners' official.Mr. Edward Hughes took a promi-
nent part in the return of Sir R.
J. Thomas, Coalition Liberal, who
was elected for Wrexham, and Mr.
Hugh Hughes, who was the Labour
candidate, complained of a letter de-
fendant wrote on the eve of the poll
to a local newspaper. The letter, he
declared, was calculated to damage
his candidature. It contained a re-
ference to his exemption from mili-
tary service, and went on—Now, when the fighting is over
and there is a remote possibility
of his being in a position to draw
£400 a year, the claim of indis-
pensibility is "scrapped" and
Mr. Hugh Hughes now stands for
justice for those who have fought
and bled. And he himself done a
little of the fighting and bleeding,
or even rendered some little moral
support to the men who have done
both, the public would, perhaps,
consider his claims without asso-
ciating them with hypocrisy.
The defence was that the letter
was "a comment" and a denial of
malice.

£1,000 WAR ON RATS.

A war on rats has been declared
by the Glamorganshire authorities,
and the County Council Agricultural
Committee decided to ask for a vote
of £1,000 for a systematic campaign.
The county is to be divided into
three districts, and in each a differ-
ent method of extermination will be
employed, with a view of determin-
ing the most effective system of
extermination.A member of the committee said
rats were running about the grocers'
shops like cats.

GERMAN AGENTS AT WORK.

A representative of the Australian
and New Zealand Press Association
learns that Germany is employing
numerous agents who are mesquing
under false names in all countries
and whose work consists in stirring
up industrial unrest among the
workers, breaches of discipline in the
public services, and ill-will among
the classes, according to a London
message dated Feb. 6. Those Ger-
man agents who adopted Russian
names maintain them to-day. Lenin
is the only Russian ruling Russia.
Trotsky, Voroshilov, Rakovsky, and
Zinoviev are Austrians or Germans.
Similar agents are to be found in
Britain with British names, and
others in France with French names,
in the hope of weakening the Entente
and enabling Germany to retain her
hold on the Polish provinces.

TIERED SAILORS.

There has been an extensive
shuffling among the commands in the
battlesquadrons recently. About a
dozen captains of the big Dread-
noughts have been changed, includ-
ing the *Revenge*, the *Warrior*, the
Emperor of India, and the *Royal
Oak*. Many of those who have been
replaced have done three years' con-
tinuous service in the North Sea,
with a bare nine days' leave a year
—and not always that—and have
well-earned a period of long leave.
Few people ashore have any concep-
tion of the responsibility that rests
on the captain of a battleship, and
the strain has left its mark on more
than one of them.Captain O. E. Leggett is to re-
commission the *New Zealand* for her
cruise to the Dominions with Lord
Jellicoe. He was Master of the
Fleet with the admiral, and is one
of the Navy's foremost experts in
navigation.BOWEL COMPLAINT IN
CHILDREN.During the summer months chil-
dren are subject to disorders of
the bowels and should receive the most
careful attention. As soon as any in-
natural looseness of the bowels is
noticed Chamberlain's Colic, Cholera
and Diarrhoea Remedy should be given. For
sale by All Chemists and Storekeepers.

THOSE RUSSIANS.

The speech by Mr. Lloyd George which came through on Saturday was more than usually important, as it contained the first really definite intimation we have had that there is not to be organized war against the Russians. The Premier has discovered somewhere in his fuddled mental recesses a "fundamental British policy" of non-interference with the domestic affairs of other nations which comes in handy to disappoint (a) those who would have liked to see the Russians punished for starting the war and then "rattling" on their Allies, (b) those who regard Bolshevism as a world menace to be stamped out, and (c) those who, being holders of Russian loan scrip or of depreciated roubles, thought a stable government to be instated by the Allies the most convenient means of saving their investments. Against these there would be (a) those who are sick of war, either on emotional or moral grounds, (b) soldiers who want to be demobilized, (c) friends and relatives of enlisted men who wish to keep what the Germans left them, and (d) the British taxpayers, who for an obvious reason would

but we may be guessing wrongly. We know now, for example, that it is not what it has been painted—a devilish doctrine of lustful anarchy. That (especially the circumstantial gynecology) was propaganda plus modern journalism, a combination by which poor Truth is ruthlessly drowned at the bottom of her own well.

We know that the Russian people consisted of an aristocratic minority, well educated, and of an enormous proletariat, not only ignorant—and of policy kept in ignorance—but like all ignorant peoples profoundly superstitious. Think what that means. Then add a mixture of races, some so near to primitive barbarism as to give rise to our adage, "Scratch a Russian and catch a Tartar." Think what that plus that means. Now add the incidents of an unsuccessful war, a shortage of food, a revolution and a discredited aristocracy, a lot of armed and unemployed soldiers fresh from the mud-banking fields of war, and allow all to simmer. Think what all that must have meant. There was really any need to import in addition German intrigues and incitements? Such a combination was bound to produce the most frightful results, for which the word Bolshevism is merely a name. The "Reign of Terror" in Paris was just as truly Bolshevism.

Indeed, when one recalls how unanimous the kings and aristocrats of Europe were in endeavouring to crush the French Revolution—how Respectable Public Opinion was dead against the new democracy and how inflamed by tales told of it—it is difficult to avoid the suspicion that we may be unwittingly on the eve of another innovation as portentous as that one happily proved to be. It is, to say the least, possible. There could easily be adduced many other historical incidents, less critical, which were as surely Bolshevism, if our guess be right. Our own Suffragettes were Bolsheviks, for whom the end justified the Bolshevik means. In a word, we suppose Bolshevism to be that reaction of human nature which is illustrated in a cinema picture "When a man sees red." Given a deep-seated grievance, given a dislocation of his ordinary environment, and given a sudden and unexpected realization of Power, any man is a Bolshevik. If in addition he happens to be an ignorant and superstitious peasant, with a long score to settle, he is likely to be an extreme example. But being also human, he is not for ever beyond the pale, as some of our friends would like to see him.

He can still come to his senses, and behave more reasonably. Not of course, if in the midst of his sanguinary delirium he finds himself under the necessity of fighting for his life. That would conceivably make him worse. All things considered, and without the slightest wish to whitewash the Russian savages, we are inclined to regard this announcement by Mr. Lloyd George as satisfactory. We would consider it still more so, if some of our European friends could bring themselves to stop being quite so "unco glib" and to consent to negotiate with these frenzied reformers, as soon as they show the slightest disposition to listen to reason. It is a pity that the Prinkipo conference came to nothing.

POLICE AND PEDESTRIANS.

GRATIFYING SUPPORT.

At last! The China Mail is not now alone defending a public fight. It was the first to call attention to the new Police Order driving people off the highways, on to the sidewalks, an order apparently devised to gratify the arrogance of the local Automobile Association. It was the first to sound the alarm, and to show the "Prussianism" of this illegal action. For a time it was left alone to the job of pointing out how the thing was bound to work. Then came a prosecution and a professional legal opinion. The "cat" had jumped. The China Mail, it seems, was right. So letters began to appear in the other papers.

They haven't got it right yet. It isn't merely that there are policemen who go too far. The main point is that the order itself is *ultra vires*, and an affront to the pedestrian public. That order must be withdrawn. It will be withdrawn.

Meanwhile, it is gratifying to see in this morning's Daily Press an editorial note to this effect:

"It is an old maxim that 'the pedestrian has the first right to the road,' and we think the Police would have some difficulty in convincing the Supreme Court that he has not any right. If it be an offence to disobey the directions of the Police, it is incumbent on the Police to justify the directions, which they give; otherwise we might as well be in Zabar.—Ed., H.D.P."

FOOTBALL.

ST. JOSEPH'S PUT "PAID" TO STAFFS' ACCOUNT.
MRS. MACAULEY PRESENTS CUP AND MEDALS.

On the Club ground on Saturday afternoon, the College played an exhibition match against the Staffs and Departments prior to the presentation of the Second Division League Cup and Medals to the winners and runners-up respectively. The Collegians who are the champions this season, were closely followed by the Staffs, the runners-up, who were two points behind. Taking the records of the two teams concerned, the Collegians did admirably well, drawing one and losing two out of 14 matches, thereby winning the league with 23 points out of a possible 28. Their goal average too, was very good, 33 for and 7 against. The Staffs won 8, lost 1 and drew 5, 21 points. Their goal average is 20 for and 6 against.

As is befitting the champions, the Collegians won Saturday's match, beating the Staffs hopelessly in every branch of the game. It will be remembered that two weeks ago the champions sustained a defeat at the hands of the same combination, on a wet day, by 1-0. Seeing that now, under more favourable conditions, they defeated their one time conquerors to the tune of 2 goals to nil, it could easily be said that the Collegians had, in the words of Master Gunner May, "lived up to their reputation."

At the close of the game, there was the usual rush for the stand from where the presentation of the Cup and Medals were made.

Addressing the gathering, Master Gunner May said Major Hammond, 18th Infantry, President of the League, who was to have presented the trophy and medals to the winners and runners-up, had written at the last moment regretting his inability to attend owing to unforeseen developments which required his presence elsewhere. However, Mrs. Macauley had saved the situation by kindly consenting to perform the ceremony on the major's behalf. Before calling upon Mrs. Macauley to present the trophy, the speaker read the records of the respective teams, as given above, and concluded by saying that as would be seen from the match which had just concluded, the Collegians had, although not without a struggle, lived up to their reputation as champions of the Junior League (Applause). He hoped that the next season will see the College team advanced to the First Division, where he hoped they would give as good an account of themselves as they had done in the Second Division this season (Hear, hear).

Mrs. Macauley then presented the Cup to E. R. Hyndman, Captain of the College XI, amid enthusiastic applause from their supporters. Gold medals were then handed to the members of the winning team and silver ones to the runners-up after which three lusty cheers were accorded Mrs. Macauley on the call of Master Gunner May. Cheers were also exchanged between the respective teams in the spirit of true sportsmanship.

A description of the match is appended:

ST. JOSEPH'S 2; STAFFS '0'. Played on the Club ground, this match proved very interesting from the opening whistle. Much speculation was entertained as to which team should win. Judging from the defeats the Collegians had sustained at the hands of the Staffs and of Kowloon, the odds were very much in favour of the Staffs who had fielded a full team and were out to win.

Kicking off facing the Club pavilion, the Staffs used their well-known tactics of open play and stretching out their forward string, they made a dash for the College territory, but were quickly stopped by Ogley who was playing his usual consistent game. Punting the leather down to Silva, Ogley was able to originate an attack by the Collegians which came very near materializing, but Silva was too well marked and was unable to keep the ball long being obliged to pass to Hyndman who also was unable to do anything, he too finding himself receiving too much attention from a couple of the half-backs, and after a smart attempt to wriggle through, lost control of the ball and the situation was relieved for the time being. After another visit to the College end which proved fruitless, Street missing a good chance, the Staffs were once more called upon to defend their goal, the Collegians this time relying on their left winger to work the ball through, and he did it nicely too, giving Silva the chance of his life, but owing to the attentions which were promptly paid him, and also to excitement, he took a very poor shot at goal. Glenn having very little difficulty in stopping the ball and driving it to mid-field where it was trapped by Sepher and quickly returned to the danger zone. After a few minutes of exciting play, the Staffs were forced to concede a corner. This was taken by Omar who shot a bit wide and the soldiers were once more able to breathe freely. Scouler doing the useful. Another attack by the Staffs in which Skelton, Street and Ellarby figured well ended up in a good drive by the latter, but Souza was quite safe in the College goal and punched away. The closing five

BRIDGE COLLAPSES AT SHEKWAN.

SIX MEN KILLED.

A fatal bridge collapse is reported to have taken place yesterday at Shekwan, in the Sun On District, when six Chinese were precipitated in the water below and drowned. The facts so far relate that a party of worshippers from Hongkong had to cross an improvised plank bridge which leads to the temple, after the passengers had disembarked from the launch. On this occasion the party were nearly in the middle of the bridge when it suddenly collapsed and the men were thrown into the water underneath.

minutes of the first half saw the ball once more in the Staffs' territory but nothing resulted, and the half-time whistle found the score sheet blank. At the resumption, it was evident that the Collegians were out to win, and they were not long in satisfying their supporters' expectations either. From a pass by Silva, Hyndman winged the ball to Omar who put up a hot pace which the man who was told off to watch him, found hard to keep up with. When near goal, Omar who was expected to do the needful himself before he was prevented by one of the backs, who was bearing down on him at a furious pace, surprised the players and spectators alike, by shooting across goal to L. Xavier on the left wing and this worthy found the right hand corner of the net with a terrific drive which gave Glenn no chance. In fact, it was doubtful if he knew the ball was coming until it actually hit the net for the opening score.

From the centre, the Staffs took the ball down and after beating Ogley, Street prepared himself for the finishing touch, which would undoubtedly have brought about the equalizer, but P. Xavier was a little too quick for him and running between Street and the goal just as the ball left the latter's foot, deflected it and Sepher who was in the vicinity, ran it up the field, ending up with a high kick, but Wain jumped and headed the ball away. Hyndman replied with another header and Silva a third thus placing Moosdeen in possession. This worthy was not slow in deciding that it was no good his keeping the leather, and promptly returned it to Silva who tipped it to L. Xavier and his smart winger scored his second goal with another fine shot, the ball, as on the previous occasion, hitting the right hand corner of the net, Glenn again being taken by surprise.

After this, it could not be safely said that the Collegians had the game all their own way, as stung by the possibility of a big defeat, the Staffs played all they knew and pressed with such determination that a goal seemed inevitable. Street took a shot which hit the cross bar, the ball rebounding into play just in front of goal. Ogley, in his excitement, miss-kicked and placed Ellarby in a favourable position, but excitement was reigning supreme now, and he was unable to do better than to kick the leather against the right upright, the ball rebounding into play a second time and Kirby kicked high in the air in a well meant effort to place one of his colleagues in possession. However, P. Xavier and Street both jumped to meet the ball which hit Xavier's head and shot straight for the goal mouth, but Souza who was luckily in position, punched way. The leather was again brought back to the goal mouth but the effort was spoiled by Skelton who kicked over the cross bar. After what seemed like an eternity, Marcal cleared and thus saved the situation. But the leather did not go far down the field before it was returned to the College territory where the Staffs forced a corner. This was taken by Sheriff who placed his shot beautifully but none of his men happened to be within range and V. Xavier cleared. Again the ball returned and V. Xavier fouled by springing for the leather and kicking it with both his feet off the ground. A free kick was rightly given the Staffs and Ellarby took the shot and placed the ball straight into Souza's hands. Street tried to rush the goalie but Souza coolly threw the ball out over his head.

Soon after this the final whistle was sounded proclaiming the Collegians winners of a hard fought match by 2 goals to love. The following are the teams: St. Joseph's College:—E. Souza, W. Ogley, P. Xavier, S. Marcal, S. Sepher, V. Xavier, R. Omar, E. Moosdeen, E. R. Hyndman, J. Silva and L. Xavier. Staffs and Departments:—Corpl. Glenn, Staff Sgt. Wain, Sgt. Scouler, Rev. Bundie, Corpl. Knight, Pte. Connor, Corpl. Kirby, Pte. Skelton, Gunner Street, Corpl. Ellarby and Q. M. Sgt. Sheriff.

It will probably interest our readers, to give the names of the winners of the 2nd Division League since the Cup was presented by Mr. F. Ellis.

GOVERNOR OF MACAO DISMISSED.

A POLITICAL JOKE.

Considerable surprise has been betrayed by the local Portuguese on becoming aware that the Governor of Macao, Senhor A. T. Barbosa, has been dismissed from his Governorship. It appears that the new government at Lisbon which is of democratic principles, issued instructions immediately to remove the late Governor from his post. He was appointed by the Sidonista party.

The new Lisbon government have appointed Conde de Paços D'Arcos as Governor of Macao, and as to sever at once Senhor Barbosa's connection have appointed Lieut.-Colonel Santos as Acting Governor until the arrival of the new government's nominee. Senhor Barbosa will return to Portugal.

The Portuguese at Hongkong and Macao, so the *China Mail* understands, do not approve of the change. They aver it is solely political and because the late Governor was not a supporter of the new party. Senhor Barbosa had in project many schemes for the improvement of Macao and before these have had time to fructify, he is removed from his post after holding office for barely six months.

CONSCRIPTION.

The refusal of the Lloyd George Ministry to repeal the Military Service Act was to be expected. Mr. Lloyd George has practically said that the action of Britain in this matter would be decided in large measure by the action of other nations, and as it still seems doubtful whether the proposal for the abolition of conscription will be accepted by the Peace Conference as a whole the fulfilment of the promise given during the election has been postponed. The War Office will breathe freely, for there can be no question that every effort will be made to retain the Military Service Act on the statute-book. It is well known that Mr. Winston Churchill is himself a conscriptionist, and his promise that at some future time conscription will be abolished depends of course on the conditions being favourable. Meanwhile it will be interesting to note how the country receives the announcement that the abolition of conscription is indefinitely postponed. It seems rather a dangerous policy in view of the unrest in industrial circles that is prevailing. We note from latest papers received that in January the London Police again threatened to strike unless their union was officially recognised. When the unrest spreads to a body like the London Police, which a year or so ago would have been regarded as absolutely safe from contagion by the weapon of "direct action," it behoves the Government to go warily. The determination to retain conscription on the statute-book for the present is likely to cause much discontent among the workers.

FOOD MINISTRY.

"Truth" says:—There has, though, been a good deal too much squeamishness at the Ministry of Food in dealing with prices. So far as supplying the public with essential foods, the Ministry has done excellent service, but when one looks at the prices which the consumer is called on to pay to-day one wonders whether the Ministry has not developed into a producer and traders' protection bureau. I know that the late Lord Rhonda took the view that the shopkeeper and the wholesaler were such essential elements in securing the distribution of food that they had to be kept in good humour, but it strikes me that the process of keeping them sweet has been carried too far. One has only to look at the profits made by the big trading concerns to see that they have done very well out of controlled prices. A possible explanation of the tenderness towards the trading interests is suggested by one of my readers. He remarks that many important and lucrative posts in the Ministry of Food are held by released employees of firms who found therein a refuge from military service, and that they naturally have a bias in favour of their old businesses and employers. One might expect the Consumers' Council to correct any such bias, though the ability to do so would, of course, depend upon the figures placed before the Council, and since the figures are no doubt produced in the department it is conceivable that they may only disclose as much as the department desires to reveal. Certainly one factor must not be left out of account. The cost of control in the shape of the enormous staff employed in administering it up and down the country must be an appreciable addition to the cost of food. That at least is a very good reason why the Food Ministry should not be turned into a permanent institution.

CORRESPONDENCE.

ROYAL COLONIAL INSTITUTE.

(To the Editor of the "China Mail.")

The Royal Colonial Institute, Prince's Building, Hongkong, 17th April, 1919.

Dear Sir,—The enclosed letter from Sir Harry Wilson, the Secretary of the Royal Colonial Institute, may be of interest not only to local members of this Institute, but also to other who may wish to join as Fellows.

For non-resident Fellows the entrance fee is 1 guinea, and the subscription is 1 guinea a year, and I shall be glad to forward the names of any British subjects who desire to be elected as Fellows. Yours faithfully,

H. E. Pollock,
Honorary Corresponding Secretary.Royal Colonial Institute,
Northumberland Avenue,
London, W.C.,
21st February, 1919.

Sir Harry Wilson, K.C.M.G., Secretary.

Dear Sir,—After an interval of some months, I now take up again the tale of recent happenings at the Institute, as I am particularly anxious that you should be kept in touch with our latest developments, which promise to be of great interest to all our members.

Since the last session on which I wrote to you, the attention of the Council of the Institute has been fixed upon the measures to be taken for the enlargement of its existing building, in view of the constantly increasing membership. A Sub-Committee was appointed with the object of enquiring into the possibilities of securing premises on a new site, but after a prolonged investigation they came to the conclusion that nothing suitable was procurable. The only building which would have met the requirements of the Institute was Montagu House in Whitehall, and it was soon ascertained that this was ruled by the Government, which has since acquired it from the Duke of Buckingham. The Sub-Committee finally recommended to the Council that the necessary enlargement should be sought for in the present site, in Northumberland Avenue, which has so long been the home of the Institute, and their recommendation was unanimously adopted. The house to the South of the Institute building had already been acquired from the P. & O. Company, and enquiries were made as to the possibility of a further purchase, which together with this house in Cavendish Street would provide the Institute with a commanding position in the Avenue, on a site more than double the size of its present one. Instructions have been given to Architects to supply a special report as to the best means for providing what is needed, including (among other things) a Memoir Hall for our Meetings, a large extension of the Library, Newspaper Room, Smoking Room, etc., a separate accommodation for Lady Members, and an Administrative Building to house the Council and the Staff. We expect to receive this report at all events in a preliminary form before the end of this month.

In order to realise this somewhat ambitious programme, a very large expenditure will be necessary, and the Council propose in the time to invite subscriptions to a Jubilee Fund, particulars of which, with full details, plans, etc., will be issued before long. The Building, if an adequate response is received to the Council's Appeal, will be a worthy memorial to our late President, Earl Grey, and to those Members of the Institute, both at home and overseas, who have given their lives in the Great War. For this special purpose, it is intended to utilize the Hall, which is to have a seating capacity of 500, by placing in it suitable tables to commemorate those who have fallen, as well as those who have served and survived. It is not expected that any building operations can commence for two, or possibly three years, which should afford ample time for the necessary financial arrangements to be made, and it is hoped that they will include an Endowment Fund for the general purposes of the Institute, and particularly for the establishment of Branches at home and overseas.

The Fund will be formally inaugurated at a Jubilee Dinner to be held on Friday, May 2nd, at which H.R.H. The Duke of Connaught, as President of the Institute, will take the chair. May I draw your special attention to this event, and ask that, as on previous occasions before the war, telegraphic greetings, to be read at the dinner, may be sent on behalf of the various groups of Fellows and Associates, to reach me on or before the day? If it were also possible to arrange for diners to take place locally on the same occasion, or on the 24th (Empire Day), we should be celebrating the Jubilee of the Institute as one large family all over the world. I throw out this suggestion for the consideration of the Branches and the Honorary Corresponding Secretaries.

The year 1918 closed with a gross addition to the Institute's membership of 2,198, and a net increase of 1,001. The total membership on 12th January 1919 was 12,783, and this

is being added to daily since the New Year began. This excellent result is owing in large measure to the steady work of the Organisation Committee, with the consequent growth of the Branches established by it in the United Kingdom, but it is also due to the greater activity displayed by our Honorary Corresponding Secretaries in all parts of the world. An important decision, as you are aware, has been taken by the Council to appoint Honorary Organising Secretaries for each State or Province in the Dominions. The first of these, Mr. P. Hague, K.C., of Montreal, who is acting for the Province of Quebec, has signalled his appointment by sending in a batch of 60 Members. The only new Branch established overseas since my last report is one for Vancouver Island, B.C., with headquarters at Victoria; but now that the War is over, it is hoped by degrees to form Branches in all the leading centres of the Dominions. In the United Kingdom the Branches already established are Bristol, Leicester (Leicestershire), Birmingham, Manchester, Bournemouth (Hants and Dorset), Brighton (Sussex), and the last named a fine House at Seven has been generously presented to the Institute by Lady Boyle. Other Branches are (or soon will be) in process of formation at Liverpool, Exeter (Devonshire), Oxford and Cambridge, and a beginning has been made at Hull and Bradford. The year 1919 thus opens under very encouraging auspices.

Further allusions to the Institute's Jubilee were made in the December number of "The Empire," to which Major Boscott contributed some interesting reminiscences of early events in our history, and portraits were given of some of the leading members and officers during the last fifty years, with appropriate biographical comments. When it is remembered that at the time of the Institute's foundation the trend of opinion was largely against the formation of the Colonies as an integral part of the Empire, the work of these student pioneers deserves special appreciation to-day. A later number of "The Empire" will contain portraits of the Presidents and Secretaries of the various Branches.

The Session opened on November 12, with a Lecture in the Central Hall, Westminster, at which (in the unavoidable absence of H.R.H. The Duke of Connaught) Sir Charles Lucas, Chairman of the Council, presided, and Major-General Sir George Aston, K.C.B., delivered a very interesting Address on "The British Empire at War," to an audience numbering nearly 1,000. Since then the following meetings have taken place:

EVENING MEETINGS, 1918-19.

Dec. 10.—Sir Sidney Lee on "Raleigh's Discovery of Guiana" (in commemoration of the Twentieth Anniversary of Sir Walter Raleigh). Chairman: Sir Walter Egerton, K.C.M.G.

Jan. 14.—Dr. Vaughan Cornish on "Geographical Scenery for the British Empire." Chairman: Lord Sydenham, G.C.S.I., G.C.M.G.

Feb. 11.—Sir Malcolm McMillan, K.C.M.G., on "Egyptian Administration." Chairman: Sir Charles Lucas, K.C.B., K.C.M.G.

AFTERNOON MEETINGS.

Nov. 16.—Dr. Tany on "Education in the Canadian Army." Chairman: Sir Charles Lucas, K.C.B., K.C.M.G.

Dec. 17.—Captain J. R. Kirk on "The New Zealand Soldier—his Outlook." Chairman: Hon. Sir Thomas Mackenzie, K.C.M.G., (High Commissioner for New Zealand).

Jan. 28.—Colonel Long (Bishop of Bathurst) on "The Australian Soldier as Citizen." Chairman: General Sir William Birdwood, K.C.B., K.C.S.I.

SPECIAL MEETING.

Feb. 4.—Mr. A. Lloyd Owen on "The Peace River District of Canada" (illustrated). Chairman: Hon. Sir George Perley, K.C.M.G., (High Commissioner for Canada).

The Afternoon Meetings (November-January) formed a series on the subject of Education in the Dominion Armies, in connection with the Imperial Studies Movement, and will be concluded on February 25, by a meeting at which Lord Gellatly will give an address on the Educational Training Scheme in the British Army, and Sir Charles Lucas will preside.

The Session will continue as usual until June, and interesting addresses have been arranged for by a number of distinguished representative men from overseas, and elsewhere, including Lord Leverhulme, Mr. C. Robert, Mr. G. Schofield, and Professor Curdson. It is also hoped to arrange for a Luncheon in honour of Lord Blandford, before his return to Canada.

The Organisation Committee, as engaged, as above mentioned, in the extension of the Institute's work by means of Branches at Home and Overseas, and has lately prepared a model set of Regulations for Branches.

The Empire Land Settlement Committee has held several meetings since the last report, and has had under consideration the revised draft

of the Emigration Bill recently before Parliament. It has dealt with a very large number of applications from Officers and men in the Army for settlement both in the United Kingdom and the Dominions, and its Secretary, Mr. Uvedale Corbett, has been appointed an Honorary Assistant Director of the Ministry of Labour (Appointments Department). Sir Edward Hutton's Scheme for the Training of Officers on Farms in the United Kingdom, which attracted wide attention in the Press, has now been handed over, with the approval of the Council, to the last named body, working in close association with the Committee. Letters from Lord Sydenham and Mr. Christopher Turner on Home Settlement, and from Lord Sydenham on Overseas Settlement, of Ex-Servicemen have recently appeared in "The Times." It is expected that the work of the Committee will be required for some time to come, in view of the Government's announced programme for Home Settlement, and the absence, so far, of any definite policy on their part for settlement Overseas.

The Imperial Studies Committee have taken the important step of sending a circular letter with several enclosures to the Education Authorities in the United Kingdom and the Dominions, the Public Schools, and the Public Libraries, on the subject of the better teaching of the History and Geography of the Empire. This report to it is now coming in, and so far as yet received, of an encouraging character. The Committee has just reconstituted its Sub-Committee for (a) the Universities, (b) Public and Secondary Schools, and (c) Elementary Schools and Training Colleges. It has to deplore the death of one of its most active members, Mr. W. Charles Dawson of Edd. In co-operation with the Victoria League and the League of the Empire it arranged for a dinner to the Professors and Directors of Education of the Dominions and the United States now in England, which took place on Dec. 16 at University College, Gower Street, and was followed by an extremely interesting discussion presided by the Chairman, Sir Charles Lucas. The arrangements were in the hands of Miss Dighton, Secretary of the Victoria League, and a small sub-committee, and were generally regarded as completely successful.

The Empire Trade and Industry Committee is planning a series of addresses on Trade questions at various District Centres of the Institute. Its Information Bureau has dealt with an increasing number of Trade enquiries, especially since the conclusion of the war. It has also been in correspondence with the Board of Trade on the subject of Trade arrangements in Siberia, and with other departments of the Government on matters of interest relating to Trade and Industry.

The War Service Committee (which was re-constituted in 1917) has dealt with over 400 applications for personal service, and is now turning its attention to the cases of demobilised officers who do not desire to return to their previous employment.

During the present winter, the Assistant Secretary, Mr. Chamberlain, has arranged with several of the City Companies to continue their entertainments for wounded men belonging to the Overseas Contingents, and these gatherings have been greatly enjoyed by the hosts as well as by the guests. Such leading representatives of the Dominions as Sir Robert Borden, Lord Morris, Sir George Foster and Sir Joseph Cook have represented the Institute on these occasions, and at the last entertainment given by the Goldsmiths' Company, General Sir William Birdwood was present and received a great ovation from the 300 soldiers present.

The Institute's History of "The Empire at War" is progressing satisfactorily under the General Editorship of Sir Charles Lucas, and the first (introductory) volume by himself, has been completed. Highly qualified contributors for the remaining volumes have in most cases been secured, and the Colonial Office and other departments have given material assistance in the work.

The Smoking Room discussions, organised by the House and Social Committee, has begun of late unusually well attended, and have excited much interest among our Members. They are held as a rule on the first and third Thursdays of the month, and visitors are made welcome and invited to take part in the debates.

One Joint Meeting for Fellows and Lady Associates was arranged in the Library on December 20, at which Dr. Cowan Guthrie gave an excellent address on "Environment" its influence on Health and Character.

There was also an informal meeting in the Reception Room on January 21, arranged by Miss Clidgate, at which Major Bayly and others gave a very interesting account of the work of the International Hospitality Committee and its Women's Patrol. The speakers included Lady Borer and Miss Dayton. Another meeting of a similar character has been fixed for the present week, to meet the Chief Visitors of the Dominion and United States of America Nursing Services.

The Council has just unanimously adopted a very important resolution on the subject of the late German Colonies, which has been sent to the

ANOTHER ARMED ROBBERY.

Another armed robbery took place last night, when four Chinese armed with revolvers and daggers entered No. 22 Bulkeley Street, Hunghom, and after ransacking the place made off with \$12 in money. They went towards the Yaumati junction.

Prime Minister, the Secretaries of State for Foreign Affairs, and the Colonies, and the Leader of the House of Commons, as well as the Prime Ministers of the Self-governing Dominions and all the High Commissioners. This Resolution, which has been extensively circulated in the Press, is to the following effect:—

The Council of the Royal Colonial Institute most earnestly request His Majesty's Government not to give their final consent to any agreement, which will leave any opening for doubt as to the future of the late German Colonies. In particular, they venture to urge that the ownership by the Commonwealth of Australia and the Dominion of New Zealand of the Pacific Colonies occupied by their respective forces during the War, and the ownership of German South West Africa by the Union of South Africa, should be confirmed to those Dominions as an accomplished fact beyond all possibility of question. They would suggest that any supervision on the part of an International body should, at most, be restricted to general rules similar to those which have been laid down from time to time at International Conferences with regard to Tropical Africa, and which so far from invalidating the exclusive claims to the respective Colonies and Protectorates by the interested Powers, have, on the contrary, been based upon full recognition of the individual Sovereignty of Protectorates of each of the Territories concerned.

In conclusion I beg to offer you my thanks for the way in which you have supported the Institute during the four anxious years of the war, and to congratulate you on the prospect, so soon to be realised, of an honourable, just, and lasting Peace, based on the arrangements for a League of Nations, recently announced at Paris.—I am, yours very truly,

H. E. Wilson,
Secretary.

CHINESE CLAIMS AT THE
P. ACE CONFERENCE.

PROFESSOR GILES'S OPINION.

Professor Giles has given his opinion
on Chinese claims at the Peace
Conference to the Chinese Students'
Union, at a recent interview. This
is to the following effect:The great wrong China suffered
during the war must be redressed by
the Peace Conference, whose business
it is to establish a lasting Peace and
to create a new world; or the Chinese
people will one day have to redress
it themselves. Let those monstrous
demands for concessions from China
in 1915 not be a precedent in the
international usage.Many people in this country have
forgotten the unforgettable tragedy
of Feb. 27, 1915, when the famous
(or infamous) twenty-one demands
came like a thunderbolt from the
blue. This forgetfulness may be due
to the belief that the demands were
not all yielded, and that certain
modifications have been made after
the Ultimatum. As a matter of fact
the modifications, three in number
(see China Year Book, 1916), were
more imaginary than real.For instance, the most vital parts
of the demands remain, such as the
demand to succeed Germany in the
concessions which the Kaiser exacted
from China (which is nothing more
than a continuation of Prussianism),
the demand for extension of the lease
possession of Dairen (Daiyu) Port
Arthur and South Manchuria Rail-
way; the demand for ownership of
land, now in the disguise of long
lease with unconditional renewal,
and the demand for joint control of
the only large iron and steel work of
China—the Han-Yeh-Ping. These
are demands incompatible with
China's sovereign right as an inde-
pendent state, and in direct conflict
with the policy of this country.He is agreed in principle with
Chinese claims to get rid of extra-
territoriality, but he thinks a
period of preparation for five or seven
years before actual experiment should
be definitely arranged in the Peace
Treaty, followed by a further term
of probation. It is a practical prob-
lem, and unless China has a bar to
train up efficient judges to administer
her new codes of law the foreigner
will still hesitate to give the privilege
up.With regard to the restoration to
China of the freedom to regulate her
tariffs, it is only fair that she should
like other independent nations be
able to say what goods she would
have and what tax she would impose
on one kind of goods more than
other goods in view of the degree of
desirability of each article coming to
her shores for the consumption of
her people.
A commercial treaty can always
be arranged with China by nations
who want to have reciprocal favor
from each other. Of course, all con-
cessions Germany got from China
should be restored to her (including
Kiaochow, railway and mines rights
indemnity, settlement, and the as-
tronomical instruments which Ger-
many stole in 1900). As to the with-
drawal of the garrison in Peking it is
useless for foreigners to keep a guard
of 50 or 100 persons to be used for
defence. Nor is it necessary any
longer. The old custom of six body
guards for the minister should be re-
newed.Lastly, China will always remain
one Nation; there is no fear of her
being divided up into two States,
as people in Europe sometimes
seem to imagine. The bonds of
language, literature, ethics, and every-
day manners and customs, are too
strong to be easily broken.

FAIR PLAY FOR GIRLS.

Too Many Overtax Their
Strength.A girl who earns her parents' ad-
miration by growing rapidly, becoming
taller than herself before she is well
on based on a womanhood, hardly has
fair play. She often outgrows her
strength, and unless her development is
carefully watched and her blood kept up
to the mark, she will become pale and
sallow, suffering sometimes great
misery and will run a great risk of
going into a decline.The great need of growing girls
is pure blood—abundant, rich and red.
In all ordinary cases the new rich blood
made by Dr. Williams' pink pills for
pale people will enable a pale, thin girl
to develop healthily to blooming woman-
hood.With this new blood in her veins she
will gain a glow of health in her cheeks,
her eyes will become clear and spark-
ling, and with a keen appetite for
foods and power to digest food, the
will throw off all lassitude and depres-
sion and grow strong and sprightly. In
such cases Dr. Williams' pink pills impart
a new interest in life.Dr. Williams' pink pills can be
bought everywhere, also post free, one
bottle for \$1.50, six for \$8. from the
Dr. Williams' Medicine Co., 80 South-
east Street, Shanghai. Their beneficial effect
on the looks and the appetite is very
quick and well-marked. This can be
proved by starting a course of the Pills
now.

TAKE CARE OF YOURSELF.

If you want a clear head and good
digestion you must not let your bowels
become clogged with poisons waste
from the body, as is always the case
when you become constipated. Proper
food, an abundance of water and plenty
of outdoor exercise should keep your
bowels regular. When that fails, you
should take Chamberlain's Tablets.
They cause a gentle movement of the
bowels and are easy and pleasant to
take. For sale by All Chemists and
Druggists.

PEACE TERMS.

THE PRICE OF AMBITION.

PARIS, April 18th.
Le Journal says that the sub-Committee on the financial capacity of Germany estimates Germany's assets in gold, silver, and securities, available within the next two years, at \$1,000,000,000 of which \$150,000,000 will be cash.
From January 1st, 1920, when the improvement of German industry and credit is expected, the annual payments by Germany will increase progressively.
The payments will be determined by an Inter-Allied Commission.
It has been resolved to compel Germany to reduce her imports to a minimum and to fix a very high figure for exportation of certain commodities from Germany. For example, the export of coal has been fixed at 6,000,000 tons yearly, valued at \$20,000,000 annually.
GERMAN EMISSARIES INVITED.
PARIS, April 18th.
A formal invitation has been sent to the German Government to send representatives to Versailles on April 25th.
It is expected that the German Peace Mission will number 200 persons.
The Germans will be allowed to send an emissary to Berlin with the text of the terms, allowing eight days for the journey to Berlin and the return, and eight days grace before the signature of the Treaty is attached.
It is hoped that the Treaty will be signed before May 15th.

AMERICANS IN PARIS.

PARIS, April 18th.
General Pershing, Mr. Newton D. Baker, the American War Secretary, and Mr. Wallace, the new American Ambassador to France, have arrived here.

FIGHTERS' PENSIONS.

COMPARE THEM WITH CIVIL LIST.

LONDON, April 18th.
In the House of Commons, Mr. Tyson Wilson moved that the present pensions and gratuities awarded to ex-soldiers or dependents were inadequate, and ought to be increased.

WOMAN'S WAY.

LATER.
In the House of Commons, in the course of the debate on Mr. Wilson's motion, two women in the Gallery started shouting: "You murderers are leading workers to another war."
The women were ejected, struggling and protesting.
A third woman shouted: "Long live the Soviets," but withdrew quietly when requested to do so.
Sir L. Worthington Evans, replying to the debate, mentioned that during the last three months, the pensions' bill had increased to \$3,000,000.
The motion was withdrawn.

LIMELIGHT LOVERS.

LATER.
The women interrupters in the House of Commons were subsequently identified as Miss Sylvia Pankhurst, Mrs. Cole, and Miss Stephenson. They were released.

AN AQUIETH SPEECH.

RUBBING IT IN.

LONDON, April 18th.
Mr. H. H. Asquith, addressing a meeting of 600 Independent Liberals in London, said that the people were realising the artificiality of the last General Election.
He denounced the Government's failure to redeem the anti-Conscription and the Irish Home Rule pledges, and expressed grave concern at the threatened departure from the policy of free trade.
He said that Imperial Preference would be embodied in the Budget, but he still did not believe that the policy of tariffs would increase our income, benefit trade, or cement the Empire. We claimed equal freedom with the Dominions to follow our own fiscal system.
He denounced the prevailing extravagance, largely due to the "reign of supermen," which, unless checked, would destroy the possibility of social reform.

RIOTS IN INDIA.

LONDON, April 18th.
Riots broke out at Amritsar, where three banks were burned; following the removal of Kichlu and Satya Pal, two violent agitators.

EGYPTIAN UNREST.

LONDON, April 18th.
In the House of Commons, Mr. Cecil Harcourt, in a statement regarding Egypt, said that, from a general point of view of public security, the conditions were more satisfactory.
No incidents of any particular importance had been reported from the province, although attempts had been made to some districts in the Delta to interfere with railway and telegraphic communications.
The strike of Government employees continued.
The New Ministry was endeavouring to settle the strike. Moderate elements had apparently strongly opposed the continuance of the strike, but the agitators were working against them.
General Allenby's policy, under the powers vested in him, was to secure the co-operation of all parties in restoring law and order, and normal conditions of life throughout the country.

ALIENS RESTRICTION BILL.

LONDON, April 18th.
In the House of Commons, the Aliens Restriction Bill, maintaining for one year after the war the present powers of the authorities, passed its second reading.

NO COAL STRIKE.

LONDON, April 18th.
The Miners' Conference has unanimously accepted the Government terms.

TRANSATLANTIC FLYING.

St. John's (Newfoundland), April 18th.
Mr. Ruyphen is preparing for a transatlantic flight in a Martinique aeroplane which is able to fly for twenty-five hours at 100 miles per hour.

EARLIER TELEGRAMS.

(Reuter's Service to the China Mail.)

A BOLSHIEV REPORT.

LONDON, April 18th.
A Bolshiev message from the Ukraine declares that after fierce fighting the Rumanians have begun a general retreat into Bessarabia.

SATURDAY'S STORY UNTRUE.

LATER.
BERLIN, April 18th.
A telegram from Vienna states that the Hungarian People's Commissary, Herr Boehm, who has arrived in Vienna, declares that Archduke Joseph is with his family at Alsancourt. Count Weterle and Count Sztorny are in prison at Budapest.

HERR EBERT'S CLAPTRAP.

PEOPLE'S INFLEXIBLE WILL—TO WHAT?

COPENHAGEN, April 18th.
A telegram from Weimar, dated April 18th, states that President Ebert, in an Easter message to the National Assembly, welcomed the declaration of the German people's inflexible will, the Assembly's pronouncement of April 14th, refusing to accept a peace which would sacrifice the present and the future of the German people. He said that the Government's task of securing peace, bread, and work was difficult so long as their opponents were dominated with hatred and revenge and continued the blockade, driving the German people to despair. It was, however, impossible to secure peace and create a new State, if the people persisted in the struggle threatening the destruction of the State. It was in the vital interest of Germany resolutely to oppose Bolshiev tendencies.

GERMAN DOINGS.

BERLIN, April 18th.
The latest news from Munich is that Munich is entirely in the power of the Spartacists, but the Government troops have been reinforced and now are bombarding the Spartacists' stronghold (the railway station).
Other Bavarian reinforcements are proceeding to Munich.
The Spartacists have arrested most of the members of the Central Council.
Street fighting is increasing. There have been many civilian victims.

BRATISLAVA, April 18th.
The battle at Munich between the Government troops and the Spartacists, for the possession of the railway station, ended in the complete defeat of the former.
Railway communication between Berlin and Munich is suspended.

AWAITING THE PEACE TERMS.

PREMIER'S SPEECH DREW CROWD.

LONDON, April 18th.
Mr. Lloyd George's statement in the House of Commons, today, is being awaited with intense interest. Many Members postponed their departure for the Easter vacation in order to hear the first complete pronouncement of a leading member of the Peace Conference.
There has been a remarkable demand for tickets in the galleries.
Mr. Lloyd George was granted an audience by the King yesterday evening.
It is announced that the Premier speaks immediately after the House opens, and not, as at first intended, after the other speakers. The change of plan is due to the Premier's belief, after making enquiries, that there is no desire to assail the action of the British Delegates at the Peace Conference.

LONDON, April 18th.
The House of Commons was crowded in anticipation of the Premier's speech. The Prince of Wales, paying his first visit to the House, took a seat over the clock, having as his neighbour in the Diplomatic Gallery the American Ambassador.
The Premier was loudly cheered when he entered shortly after half-past twelve.

THE INDEMNITIES QUESTION.

PARIS, April 18th.
A member of Mr. Lloyd George's entourage, interviewed by the Echo de Paris, is reported as having said that Mr. Lloyd George is insisting that, besides the provisional bond amounting from 125 to 150 milliards of francs which she will be called on to sign, Germany must engage to meet the entire cost of reparations, war damages, and pensions.
Financial experts differ on the amount Germany could pay within 35 years, but Mr. Lloyd George favours a higher payment spread over 50 years.

OVERSEAS TROOPS MARCH PAST.

LONDON, April 18th.
In connection with the march of the Overseas troops through London, which has been provisionally fixed for May 3rd, the King, with other members of the Royal Family, will stand in the forecourt of Buckingham Palace to inspect and take the salute of the troops, who will pass through the forecourt.
The Overseas military authorities are experiencing some difficulty in arranging adequate representation without delaying the repatriation of men, but it is hoped that satisfactory arrangements will be made in time to allow the provisional date to become the definite one.

POLAND.

PARIS, April 18th.
The Council of Four has decided that Danzig should be a free city, Poland receiving a territorial corridor linking up the island of Poland with Danzig.

The body of a Chinese male, over thirty years of age, who had the appearance of being a Shanghai man, was removed to the Public Mortuary on Friday. The body was found on the forefoot of the Belle View Hotel, in a decomposed condition, by a Police reservist.

AMERICA'S CHAMPION FLYING WOMAN.

NO FLIGHTS FOR HONGKONG OR CANTON.

A China Mail man had the pleasure of a short interview with Miss Ruth Law, America's champion flying woman, this morning. Miss Law has just returned from Canton where she has been for a couple of days. The flying lady said that after a talk with the Governor General at Canton all her time was devoted to sight-seeing. The Governor General and other officials were very keen on her making a flight at Canton but this was impossible as her machine is packed away on the Ecuador. Miss Law said that if it was not so difficult to secure transport she would have cancelled her passage but having to be back in Chicago by June 1, it would be too risky in these days of limited passenger accommodation. For the same reasons flights will be impossible in Hongkong. There was never any possibility of doing so.

Miss Law used a Curtis Exhibition Machine with a 100 horse power motor in Manila. It is the same machine in which she did the New York-Chicago long distance record two years ago.

Speaking about Manila Miss Law was quite pleased about her flights and reception there. She prizes a gold medal presented her by the Aero Club of the Philippines. The China Mail man was shown a heap of mementoes of flying. Gold watches and medals were in abundance. One medallion studded with diamonds, and with the wings and propellers of an aeroplane in miniature was a lovely ornament. Another much-prized present was a wrist watch from Colonel Jameson and officers of the British Recruiting Committee given her in America in 1917 when the British Authorities were recruiting in the States. On that occasion Miss Law did a night flight with the word "Enlist" electrically lighted suspended from the machine.

Miss Law was full of regrets that circumstances prevent her from flying in Hongkong. She is leaving by the Pacific Mail steamer Ecuador, probably on April 23.

HOLIDAY CRICKET.

ALL DAY MATCH AT HAPPY VALLEY.

PONSONBY FANE'S TEAM v. UNITED SERVICES.

Under doubtful weather conditions this match commenced this morning. The two Civil Service players opened the innings for Ponsonby Fane's team who had first knock. These made a good start. Wood was in capital form, hitting well all round the wicket. Brudbury fell a victim to Cavanaugh's bowling after scoring a useful 10. Wood received a round of applause for a fine six, hitting the ball right over the telephone wires. He just reached the half-century before being caught by Johnson. His 50 included nine fours and one six. Stapleton, Wright, and Ng Sze Kwong scored "eggs," the latter being out from a catch by Wahl behind the wicket. Brudbury had a very brief stay, so did Ponsonby Fane. Marley and Un Hew Fan added considerably to the score, and Omar going in last hit merrily, accumulating Wood by scoring a six. The innings closed for 140.

The United Services opened their innings with Captains Murray and Wahl. Both these were out soon; Wahl was stumped by a fellow wicket-keeper and an adjournment was then made for tea. The details up to time of going to press follow:

"ALADDIN AND HIS WONDERFUL LAMP."

In aid of the C.M.L. a grand pantomime under most distinguished patronage is advertised for Friday next and a matinee on Saturday next. From what we hear this performance will be a surprise for Hongkong. There are over 50 performers, the latest songs and dances, costumes designed from the latest London and Paris models, a lively up-to-date show. The booking is now closed, and the matinee will be held on Saturday night at 7.30. Early if you want to see this novel Pantomime.

MAGISTRACY.

(MR. ORME'S COURT.)

NIPPED IN THE BUD.

A Chinese was this morning fined \$3,500 or twelve months' imprisonment, for the unlawful possession of 32 'tels' of prepared opium. It appears that a constable on duty in Connaught Road Central, saw two men fighting and on intervening found two bags to be the bone of contention. On examining the bags of opium was brought to light. On the way to the station, one of the men managed to get scot free, and only one was brought before the court. The opium was confiscated.

EVADING CUSTOM DUES.

A man was charged with attempting to evade custom dues in regard to two bottles of samshu, which he had bought from the country. When the case was called defendant did not appear and his bail of \$25 was ordered to be estimated.

UNLAWFUL POSSESSION.

Two Chinese charged with the unlawful possession of two bags of cement attempted the shift the blame on each other's shoulders and were fined \$15 and \$10 respectively. Defendants were arrested outside the Kowloon Wharf whilst carrying away the stuff.

THAT PREVIOUS CONVICTION.

A Chinese who was charged with the larceny of a quantity of solder from the Kowloon Docks, might have been acquitted had it not been for the previous conviction recorded against him. Six weeks.

EXPENSIVE NUTS.

When charged with the unlawful possession of a quantity of nuts, a Chinese pleaded that it was given him by a friend.

Mr. Orme—Have you many friends like that?
Defendant replied that he had, to which his Worship observed that it was very unlikely. \$10 was the fine imposed.

A CHEAP BED.

A Chinese wanted the wherewithal to lay his head. He selected two cheap bags for the purpose. Mr. Orme saw the matter in quite a different light. The culprit has a bed provided free, gratis and for nothing, for six weeks now.

THE WUCHOW INCIDENT.

ALLOTMENT OF COMPENSATION.

Under the terms of settlement in connection with the assault committed by Chinese soldiers upon His Majesty's Consul at Wuchow and upon the Consular constable on February 20th, a sum of \$10,000 was payable by the Kwangsi authorities. His Majesty's Minister at Peking has directed the apportionment of the sum as follows:

Both Mr. Wyatt-Smith and Mr. Goyes with their families have as a result of their experiences to proceed home on leave this year, and the sum of \$2,500 and \$1,800 are granted to them respectively for their expenses.

A gratuity of \$400 is granted to the Consulate writer Kung Siao-chiang, in consideration of the valuable services rendered by him in connection with the assault.

A gratuity of \$150 is granted to the Consulate T'ing-chai, Siao Kwei-ching who came to the Consul's aid and Constable's assistance at the time of the assault and received injuries in consequence thereof.

A gratuity of \$150 is granted to Su Ah-muk, a cottager living nearby, who at great personal risk, endeavoured to persuade the soldiers from continuing the assault.

The remaining \$5,000, to be devoted to charitable work in Wuchow, has been divided equally between the Wesleyan Mission Hospital and the Stout Memorial Hospital.

S.S. "YUENSANG."

The Indo-China steamer Yuensang arrived in harbour from Manila yesterday and was quarantined on account of two cases of small-pox. Two Filipinos were the sufferers. After the ship had been fumigated, the Port Health Officer declared the ship free of infection and she was released from quarantine this morning.

ACCIDENT.

Just before 2 o'clock this afternoon a coolie received a serious injury to his leg. Just opposite the Military Medical room a truck containing 20 sacks of rice ran over the coolie's leg just about the ankle. He was badly hurt. Unfortunately, there was nobody in the Medical room to attend to him. After waiting some minutes the coolie was wheeled off towards Wanchai on one of Watson's aerated water carts.

The Archdeacon of Hongkong desires to acknowledge with gratitude \$50, from Share-of-War Bonus for the Chinese Canton Church Building Fund.

A Chinese woman residing at No. 13 Hill Street, fourth floor, reports to the Police that, between April 13 and 19, her servant girl, who had been for some time in her household, absconded with a box of jewellery, containing valuables worth \$418. No trace of the missing girl has been discovered.

O, TO SEE OURSELVES.

ANOTHER ESSAY ON DIGNITY.

The following extracts are from an essay by A. Clutton-Brock in the Manchester Guardian:

We all have these dreams in youth, and they are always of some kind of superiority over the mass of men. We are generals, and the whole German army surrenders to us; or orators, and we move the world to laughter or tears at will. Or we may be humble and dream that we are irresistible bowlers or batsmen; or, if we are girls, that we marry dukes and all the other dukes are dying for love of us. In any case the dream is of an effortless, unborn superiority, and it never comes true because we are not born superior.

The word middle-class is now a term of abuse through the snobbery

of these who belong to it; and they must do penance for that snobbery before they can be cured of it. Their disease is class-consciousness, and they must face it. We could all join a working-class league, pride ourselves that we were not snobs, and become more subtle snobs than ever, feeling like Haroun-al-Raschid in disguise. But in my league we shall have to confess that we are just what we are, middle-aged and middle class; and we must not have a duke for a president, or even a bishop. The whole league will be one of confessed mediocrity, putting off its make-believe and seeking a new joy in reality. Religion is worth nothing unless it gives to the ordinary man and woman, middle-aged and middle-class, a substitute for genius or any inborn superiority, better than genius itself. The first Christian affirmation is that anyone can succeed in life, and that it is never too late to begin. For reality, if you can know it, is better than all the dreams of your youth; but as long as you pride yourself on any kind of superiority, especially on being a

gentleman, you cannot know reality, since you cannot know yourself. All these class distinctions which the middle classes affect among themselves are efforts to be taken at more than their face value, to acquire some kind of status, to armour themselves with some excellence not their own. But in my league they will take off their armour and be comfortable; they will aim at excellence and not pretend to it. Perhaps the middle classes need a mission, a new mission of repentance and hope. We have a right to complain that we have been neglected by the churches, although most churches are middle-class, and perhaps middle-aged. Most of the clergy do not understand our psychology because they share it; and those who do not share it rush away to the poor because they dislike us so much. But they have no right to despair of us, however unattractive we may be; and in their very dislike of us we may suspect a touch of our own complaint. In any case we need saving, and if no one else will save us we must save ourselves.

KING "8"

KING owners do not worry

They know their car represents the skilled product of many years' experience in manufacture for world-wide trade. Reliable operation in 55 countries, under every climate and road condition, has long ago proved the all-around usefulness of this powerful eight cylinder car.

A TALE THAT COULD BE UNFOLDED.

How unjust mob passion can be. The public of Hongkong would probably be started, and possibly a little ashamed of its animosity against all local Germans, if it were put in possession of the facts underlying a mysterious statement in a Reuter telegram published elsewhere in this issue.

It refers to a German "of British sympathies, whose exemption was specially requested by the military authorities." The story of that particular man would make our people ashamed of some wild criticisms that were levelled at Sir Henry May, our late Governor.

At first we were inclined, as were some others "in the know," to blame Sir Henry May for a merely arrogant indifference to public opinion. We supposed that he didn't tell the real facts because he was too proud to put himself right by doing so. Herein a lesson against hasty judgements. We have no right even yet to tell the story, but we may go so far as to explain that it was out of consideration for the man's own personal safety that the facts were withheld. We hope that his losses and hardships will be fully compensated.

As regards the sending away of those "Blindenheim" ladies, Hongkong, by and by, may come to feel ashamed of it.

FAR EASTERN CABLE NEWS.

THE SZECHUAN-HANKOW RAILWAY AGREEMENT.

PEKING, April 17. The Cabinet has agreed to the request of the American, British and French Legations that German interests be excluded from the Four-Power Group formed in 1911 for the construction of the Szechuan-Hankow Railway, the German interests to be divided among the remaining Powers. The agreement provided for a gold loan of six million pounds.

THE CURRENCY LOAN OF 1911.

The application for a further extension of the Currency Loan of 1911, wherein American, British, French and German Banking groups participated, has not yet been answered. The period expired in October last and an extension was granted until April 15th.

NOTICE.

UNION INSURANCE SOCIETY OF CANTON, LIMITED.

NOTICE IS HEREBY GIVEN that an Extraordinary General Meeting of the Society will be held at the registered office of the Society, Queen's Building, Hongkong, on FRIDAY, the 25th day of April, 1919, at 12 o'clock noon, when the subjoined resolutions which were passed at the Extraordinary General Meeting of the Society held on the 10th day of April, 1918, will be submitted for confirmation as special resolutions:—

1. That the nominal silver capital of the Society as existing when this resolution is confirmed as a special resolution be converted into sterling and that such capital so converted be increased beyond the sterling equivalent of such silver capital when such conversion takes place to the sum of £2,000,000 Sterling divided into 200,000 shares of the nominal value of £10 each.
2. That each of the issued silver shares of the Society of the nominal value of \$250 each with the sum of \$10 paid up thereon be converted into five shares of the nominal value of £10 each with the sterling equivalent of \$20-Hongkong currency at the opening T. T. rate of exchange on the date this resolution is confirmed as a special resolution credited as paid up thereon and accordingly that 80,000 shares out of the 200,000 shares of the nominal value of £10 each constituting the capital of the Society so converted and increased be distributed by the Board to the persons who are registered as shareholders of the Society on the date this resolution is confirmed as a special resolution in exchange for the silver shares then held by them.
3. That the Articles of Association be altered in manner following, namely:—

By the insertion after article No. 107 of the following Article.

- "107 (a). The Board may employ the funds of the Society which have been established pursuant to the provisions of Article 107 or any of them, or any portion thereof and that whether such funds or such portion as is proposed to be dealt with be set aside for the special purpose to which they are proposed to be applied or for any other purpose or purposes or for all or any of the following purposes, that is to say, in meeting contingencies, in equalizing dividends, in paying special dividends or bonuses, in repaying, improving and maintaining any of the property of the Society, or otherwise in the business of the Society, and in or for such other purposes as the Board shall in its discretion think proper, to the interest of the Society and in regard to any such employment as aforesaid the Board shall not be bound to keep such funds separate from the other assets."

By the insertion of the following Articles after Article No. 108.

- "108a (1). Any general meeting at which a dividend or bonus is declared or sanctioned may make a call on the members of such amount as the meeting fixes but so that the call on each member shall not exceed the dividend or bonus payable to him and so that notwithstanding the provisions of Articles 10, 20 and 31 the call may be payable at the same time as the dividend or bonus and the dividend or bonus may, if so arranged between the Society and the member, be set off against the call. The making of a call under this Article shall be deemed ordinary business of an ordinary general meeting which declares a dividend."
- (2). After any resolution has been passed under the provisions of paragraph (1) of this Article the Board may arrange on behalf of the Society for the dividend or bonus to be set off against the call by authorizing any person on behalf of the members from whom such call is due to enter into an Agreement with the Society providing for such dividend or bonus to be set off against such call and any Agreement made under such authority shall be effective.
- (3). It shall be no objection to any resolution made under paragraph (1) of this article or to any call or arrangement that such resolution was passed or such call or arrangement was made at the meeting at which the resolution introducing this Article and Articles 107 (a) was confirmed as a special resolution provided that due notice of the intention to propose such first mentioned resolution and to declare such dividend or bonus and to make such call shall have been given prior to the Confirmatory meeting aforesaid.
- 108 (b). Dividends may be paid in Hongkong Currency at such rate of exchange as the General Meeting sanctioning the same or, in the case of interim dividends, as the Board may determine."

And the subjoined resolutions will be proposed as Extraordinary resolutions:—

1. That the difference between the sterling equivalent at today's opening T.T. rate of exchange of \$20-Hongkong currency and the sum of £4 be called up upon each of the 80,000 shares of the Society of the nominal value of £10 each into which the silver shares of the Society have been converted.
2. That a bonus dividend equal in amount to such difference as is referred to in Resolution No. 1 be and the same is hereby declared out of the Reimbursement Fund of the Society, such bonus dividend being payable to the persons who are registered as the shareholders of the Society on the date this resolution is passed and that such dividend in the case of each of such persons be set off against the amount due from him for calls under Resolution No. 1 and be retained by the Society accordingly and that the Board be authorised to make the necessary entries in the books of the Society.
3. That 18,000 shares of the capital of the Society be issued additionally to the 80,000 shares referred to in Resolution No. 1 and that the sum of £4 be called up thereon and that such additional shares be offered in the first instance at a premium of 25 per share to the persons who are registered as the shareholders of the Society on the date this resolution is passed in the proportion of one additional share for each silver share previously held and upon the footing that the sum of £4 called up plus the £21 (making together £25 per share) shall be paid to the Society on acceptance of the offer, and that such offer be made by notice specifying the number of shares to which each person is entitled and limiting the time within which the offer if not accepted by payment will be deemed to be declined to the 25th day of April, 1919, and that the Board be empowered to dispose of the shares not taken up in response to such offer as they consider expedient in the interests of the Society.
4. That the 18,000 additional shares referred to in Resolution No. 3 participate in all dividends declared after the next Annual General Meeting of the Society pro rata with the 80,000 shares referred to in Resolution No. 1.

Dated the Eleventh day of April, 1919.

By Order of the Board,

C. MONTAGUE EDE,

General Manager.

CIVIL SERVICE DRAW.

The Civil Service seriously prejudiced their chance of winning the league by failing to win on Saturday. They were up against the C.R.C. who were keenness personified. The Chinese ran up the respectable total of 147 by useful batting all round. The Civil Service looked like losing for a long time but thanks to some hitting at the right moment by Mr. Severn, Bird, Ling and Edmonds a defeat was averted. In fact the prospects of winning were bright at one time but unfortunately Mr. Severn was caught after some surprisingly good hitting. Then Edmonds and Strange slowed down a little and a draw resulted, 15 runs being required to win and two wickets still to fall. Just a little in favour of the Civil Service.

With a weak bowling team the Manchesters paid a visit to the K.C.C. ground. They just topped the century after batting first. This was due to the fine batting of Lieut. Cavanaugh. He went in at the fall of the first wicket and was the last man out for a finely played 58. The K.C.C. found the soldiers bowling rather easy stuff without Allan and Hall. Finally the Kowloon men won easily, having both runs and wickets to spare.

The Royal Engineers engaged the University. The soldiers were only able to muster nine players but scored a meritorious win. The report of matches follow, also the league table.

C.R.C. AND CIVIL SERVICE DRAW.

Play was on the slow side in this match on the C. R. C. ground. The Chinese batted first and it took 25 minutes to get 20 runs. Bird's bowling was very difficult, making the scoring slow. Severn relieved Ling of the ball and three 4's in succession were made off the new bowler. 40 up and no wickets down was fairly good. Lambie relieved Bird and bowled some goodies. Wei Lee San hit a few and then fell a victim to a breakball. Ng Sze Kwong began to hit and getting too far under one from Bird was caught by Syme Thomson. It was a good catch from a very high knock. Wong Po Keung did some hitting, three successive 4's off Bird sending up the 100. C. F. Lee was out in an unusual way. He swiped a ball to leg and his bat swung right round almost completing a circle and hit his wicket. By this time the ball was halfway to the boundary and he was given out. The innings finally closed for 147.

K.C.C. DEFEAT MANCHESTERS.

On the K.C.C. ground the home team had an easy win. Except for a good batting display by Cavanaugh and a fine last wicket stand the innings of the Manchesters was featureless. Goodall and Blackburn commenced the Kowloon innings. The latter secured an Easter egg but Goodall lasted a good while, batting steadily and well until run out. Robinson and Stapleton put the issue beyond doubt, the latter being undefeated at the close. This pair batted finely. The others did little and stumps were drawn with the score 164 for 6 wickets. R. E. DEFEAT UNIVERSITY.

The R. E. with only nine players scored a surprising win over University on Saturday. The Engineers scored 143 for eight wickets. The runs were fairly evenly scored by all the players. The University were all dismissed for 125, the R. E. winning by 18 runs.

A CHAMPIONSHIP SUMMARY.

The league championship is still in doubt. Civil Service have one match to play, the University. Their possible total points are 33. The Manchesters cannot win the league. The R.G.A. have three matches to play, viz: R.E., K.C.C. and Navy. The possible points they can obtain is 36. It looks as if they must win them all to be sure of the championship. They have a hard proposition in K.C.C.

A CRICKET QUERY.

During the C.R.C.—Civil Service match an incident caused considerable discussion and diversity of opinion. One of the batsmen hit a ball to leg. Instead of pulling up as is usual he swung right round and knocked down his wicket. By this time the ball was halfway to the boundary which it eventually reached. The *China Mail* would like to hear of a similar case and the decision given. Perhaps some prominent local cricketer would give his opinion?

The rule on the point says:—
Or, if in playing at the ball he hit down his wicket with the bat or any part of his person or dress, Out—Hit Wicket.
The italics are ours. A point raised at the time of the incident was that the ball being on the way to the boundary the batsman was no longer playing at the ball. The other side contended that although the ball was so situated the batsman had not completed his stroke.
